#### Daily Quote:

I violated the Noah rule: Predicting rain doesn't count; building arks does.

— Warren Buffett

#### Disclaimers of Liability

Whilst every effort has been made to ensure the accuracy of all information and statements contained in this document, such statements referred to are estimates only, based on our understanding of technology and information at the time of writing. Given that changes in technologies discussed within the following document are constantly updated by the vendors, including bug fixes, regular updates, and new feature additions. As such, any recommendations made within the document are subject to change. As such none of the information or statements in this document constitutes a representation for which *VisualGen* can accept any liability.

This document is provided by *VisualGen* "as is" and "with all faults." *VisualGen* makes no representations or warranties of any kind concerning safety, suitability, lack of viruses, inaccuracies, typographical errors, or other harmful components of this document or related materials. There are inherent dangers in the use of any software, and you are solely responsible for determining whether these instructions are compatible with your equipment and other software installed on your equipment. You are also solely responsible for the protection of your equipment and backup of your data, and *VisualGen* will not be liable for any damages you may suffer in connection with using, modifying, or distributing this document.
